

SPINJET 255

Spinjet 255 rotating nozzle

The Spinjet 255 rotating nozzle can work with pressures up to 255 bar and with flow rates up to 44 l/min. This rotating nozzle is made with a brass body and internal ceramic parts that ensure a long lifespan. The 20° angle created by the jet cone is made uniform by careful design and accurate construction details. The performances offered by the Spinjet 255 make it suitable for a highly professional use. High-pressure washers, car-wash systems, urban cleaning vehicles: these applications represent the main intended uses for the Spinjet 255 rotating nozzle.

FIELDS OF APPLICATION

High
pressure
washer

Car-Wash

Municipality

TECHNICAL DATA

Max pressure (bar)	255
Max flow rate (l/min)	44
Body	brass
Inlet	G 1/4" F
