

PHMS20 Vulcano PU Stone

For suction of extremely abrasive media, particularly designed for vacuum cleaner trucks, it can also be installed in steelworks, cement factories and in quarries.

Good resistance to mineral oils and chemicals with excellent resistance to ozone and weather.

Tube / Cover: Translucent ester-based antimicrobial polyurethane

Reinforcement: Polyurethane coated steel spiral

Temperature: -40°C to +90°C

Conforming Standards: Can be made electrical conductive in accordance to TRB S 2153 by grounding the spiral.
RoHS
